Full face mask BRK820G

With Safety.

BR-Article-No.: 111208
Article-Name: BRK 820 G
Article-Denomination: Full face mask EN 136 class 3 with standard thread connector acc. EN 148-1
Article-Type: Negative pressure face piece acc. DIN EN 136 : 98 for respiratory protection (Personal protection device)

Use: - Connected with a breathing filter as filtering device
- Connected with an airline or compressed air breathing device as breathing apparatus

Description: Mask body of rubber mixture
Nose cup with control valves
Panorama visor with frame of two parts
Connector piece with inhalation valve, two exhalation valves and speech diaphragm
Harness with 5 buckles
Carrying strap

Function: The air drawn in passes the inhalation valve, flows along the inner side of the visor through the control valves into the nose cup. The exhalation air flows through two exhalation valves directly to the ambient air.

Materials:	Mask body, nose cup, harness	rubber mixture
	Visor	Polycarbonate, hard coated
	Visor frame	Polyamide
	Connector piece	Polyphenylene ether
	Speech diaphragm, screws	stainless steel
	Threaded bush of visor frame and tightening band	brass
	Carrying strap	PVC
	Seal ring, valve membranes	rubber

Measurements: approx. 230 x 175 x 125 mm (box)

Weight: approx. 610 grams

Marking: **BRK 820 BARIKOS/BR-Logo CE 0158 EN 136:98 CL3**

Storage: Room temperature protected against heat, cold and humidity

Advice: Follow instructions for use

Revision 09.2016 – Errors and omissions excepted. All data are non-binding guide values.
